

Recruitment for RESEARCH ASSOCIATE/ RESEARCH FELLOW

The Singapore Prisons Service is looking for qualified and motivated individuals to join us as Research Associate/ Research Fellow.

Job Responsibilities

The Research Associate/ Research Fellow is expected to be proficient in aspects of the research process such as literature search, data management, statistical analysis etc. The incumbent has to be able to comment on research design and also expected to be a statistic consultant. The incumbent should also be able to conduct in-house statistic training. The incumbent is required to handle all research-related administrative work where necessary. This will include liaison with different parties for meetings, preparing files & documents, giving presentations, etc. The incumbent will also be expected to handle the usual administrative matters (e.g. attend regular staff meetings).

Requirements

Applicants must have:-

- (a) At least a masters degree in the social sciences (Psychology, Sociology and Social Work) or statistics
- (b) Strong command of English language, excellent writing and presentation skills, excellent knowledge of SPSS and research skills
- (c) Teaching experience
- (d) Good communication and interpersonal skills
- (e) Possess critical and analytical thinking skills
- (f) Able to work independently.

Only Singaporeans or Singapore Permanent Residents need apply.

Interested parties, please send your resume to Sylvia Liaw at liaw_sze_wai@pris.gov.sg or Christine Goh at christine_goh@pris.gov.sg

We regret that only shortlisted candidates will be notified.
